It gives me immense pleasure to extend my warmest felicitations to the Bangladesh Ceramic Manufacturers & Exporters Association (BCMEA) for once again taking the initiative to arrange the Ceramic Expo Bangladesh 2025, which will be held from 27th to 30th November at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh. The Exhibition is not only an opportunity to demonstrate our success in the ceramic industries but also a valuable event to develop cooperation between local, foreign manufacturers, consumers, and people who involved in the industry. I strongly believe that the Ceramic Expo Bangladesh 2025 will strengthen international cooperation, expand market opportunities, and further establish Bangladesh as a distinguished global center for ceramic excellence.

Message

It is my extreme honor and pride to welcome you to the Ceramic Expo Bangladesh 2025, which will be held from 27th to 30th November at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh. Organize by Bangladesh Ceramic Manufacturers & Exporters Association (BCMEA).

Bangladesh's ceramic business has improved significantly over the recent years, becoming one of the most competitive import substitute industries serving the local market as well as gaining a lot of foreign exchange by exporting to the foreign market. The expo will offer a once-in-a-lifetime opportunity to have all the manufacturers, exporters, importers, suppliers of raw material, and technology being brought together under a single roof this year. This year, 120+ exhibitors from 25+ domestic and foreign countries with 300+ brands are set to take part in the Ceramic Expo Bangladesh 2025. I believe that Ceramic Expo Bangladesh 2025 will be an essential contribution to the further development of our industry and the establishment of a strong image of Bangladesh at the global level.

I wish the "CERAMIC EXPO Bangladesh-2025" a great success.

A handwritten signature in black ink, appearing to read 'Moynul Islam'.

Mr. Moynul Islam

President

Bangladesh Ceramic Manufacturers
& Exporters Association (BCMEA)

Message

With great pride, I am pleased to announce that the Bangladesh Ceramic Manufacturers and Exporters Association (BCMEA) is hosting the 4th edition of the prestigious Ceramic Expo Bangladesh 2025, which will take place from 27th to 30th November 2025 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

The expo has achieved the status of the biggest international ceramic exhibition in Bangladesh and provided an unparalleled platform where manufacturers, exporters, buyers, and industry leaders interact and conduct business. The ceramic industry has emerged as one of the dynamic industries of Bangladesh, demonstrating remarkable progress in production capacity, quality assurance, and international accessibility. This edition will host 120+ exhibitors from 25+ domestic and foreign countries with 300+ brands, along with 25000+ trade visitors, and 500+ delegates in the Ceramic Expo Bangladesh 2025. I believe that this year's expo will help strengthen the reputation of Bangladesh in the international ceramic world and help the industry grow in the long term.

May 'Ceramic Expo Bangladesh 2025' achieve great success and continue to expand its global recognition in the future.

Irfan Uddin

General Secretary, BCMEA

Chairman, Fair Organizing Committee, Ceramic Expo Bangladesh 2025

Message

On behalf of the Export Promotion Bureau (EPB), I am pleased to extend my warm greetings to all the attendees, organizers, and visitors of CERAMIC EXPO Bangladesh 2025.

Bangladesh's ceramic industry has become one of the most dynamic and promising export sector for our national economy. The quality and innovative design, and competitive pricing of the Bangladeshi ceramics are gradually being known to the industries around the world. The Expo is an essential platform of demonstrating the development our ceramic industry has achieved, stimulating new investments and forming a closer interaction between local manufacturers and foreign buyers. The event will facilitate increased market access and enhanced competitive strength of Bangladesh within the global ceramic supply chain by presenting innovative, sustainable manufacturing practices and a wide range of product innovations. EPB is very optimistic that Ceramic Expo Bangladesh 2025 will attract more exports, create new businesses, and build a stronger reputation for Bangladesh as a manufacturer and exporter of high-quality ceramic items in the world.

I wish the Ceramic Expo Bangladesh 2025 every success and felicitate BCMEA for organizing this international event

Vice Chairman & Chief Executive
Export Promotion Bureau

Message

It is a great pleasure and privilege for Sheltech Ceramics to step forward as the principal sponsor of Ceramic Expo Bangladesh 2025, which will be organised by the Bangladesh Ceramic Manufacturers & Exporters Association (BCMEA). The event will be held from 27th to 30th November 2025 at the International Convention City Bashundhara (ICCB), Dhaka, Bangladesh.

Recognised as one of the most significant events in the region, Ceramic Expo Bangladesh serves as a premier platform that brings together local manufacturers, international buyers, industry leaders, and innovators under one roof to exchange ideas, showcase innovations, and explore new opportunities in the ceramic sector.

Over the years, the Ceramic Expo has played a pivotal role in positioning Bangladesh as an emerging force in the global ceramic marketplace. As one of the nation's largest and most diversified conglomerates, Sheltech Ceramics has always been deeply committed to supporting initiatives that promote national industries and enhance their global visibility.

Our participation in Ceramic Expo Bangladesh 2025 reaffirms our dedication to fostering innovation, development, and sustainability within the industry. We are confident and optimistic that this year's expo will not only celebrate the remarkable progress and achievements of Bangladesh's ceramic sector but also inspire new collaborations and strategic partnerships that will drive the industry toward greater success.

We extend our best wishes to the organisers, participants, and visitors for a successful and impactful Ceramic Expo Bangladesh 2025. Hopefully, Ceramic Expo Bangladesh 2025 will be a great success and achieve new heights in the industry.

Mr. Tanvir Ahmed
Managing Director
Sheltech Group

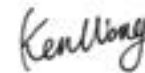

Message

Shenzhen Unifair Exhibition Service Co., Ltd. is honored to be a partner of Ceramic Expo Bangladesh 2025, an event that continues to drive growth and collaboration within the global ceramics industry. As one of the leading professional exhibition organizers in Asia, Unifair has always been dedicated to creating international platforms that connect innovation, technology, and market opportunities. It is our pleasure to welcome all industry colleagues to join CERAMICS CHINA 2026 scheduling during June 24th ~ 27th, 2026 in Canton Fair Complex, Guangzhou.

Our partnership with BCMEA reflects our shared vision of fostering global cooperation, strengthening industry ties, and promoting sustainable development in the ceramics sector. We are delighted to support an exhibition that showcases Bangladesh's rapidly advancing ceramic industry and its growing role in the international market.

We extend our sincere appreciation to the organizers and wish Ceramic Expo Bangladesh 2025 great success. May it continue to serve as a bridge for global partnerships and business excellence.

Mr. Ken Wong
General Manager
Unifair Exhibition Service Co., Ltd.

Message

On behalf of ACIMAC, the Association of the Italian Manufacturers of Machinery and Equipment for Ceramics, I am delighted to extend my warmest greetings to the Bangladesh authorities and to the professionals of the CERAMIC EXPO Bangladesh-2025.

Bangladesh's ceramic industry has developed as a global competitive sector, and this expo is an incredible opportunity to enhance the partnership between Bangladeshi and Italian firms. It is a stage where innovation combines with partners, allowing us to exchange the latest technologies, develop business connections, and encourage sustainable industrial development. Italian manufacturers, who are regarded as the foremost in the world in terms of ceramic machinery and technology, are delighted to take part once again by presenting their recent solutions, automation products, and up-to-date machinery with features that satisfy the requirements of the modern ceramic production process.

We can say that CERAMIC EXPO Bangladesh-2025 will contribute to the expansion of business and learning, as well as technological development in the sphere that is essential. I am pleased that all visitors are invited to the Italian Pavilion and get to know the innovation and expertise our companies introduce in the global ceramics industry.

Paolo Lamberti
ACIMAC Chairman

Messe München India is delighted to enable a meaningful handshake with Ceramic Expo Bangladesh 2025, a premier platform that brings together global leaders, innovators, and professionals from across the ceramics industry. This partnership reflects our shared mission to foster international collaboration, knowledge exchange, and business growth within this dynamic sector.

As one of India's leading exhibition organizers, Messe München India is committed to supporting events that empower industries, encourage technological advancement, and create opportunities for sustainable development. We recognize Bangladesh's ceramic industry as one of the fastest-growing in the region and are proud to support its journey toward greater global prominence.

We extend our warmest congratulations to BCMEA for organizing this international gathering and wish Ceramic Expo Bangladesh 2025 continued success in strengthening global partnerships and driving industry excellence.

Bhupinder Singh
President IMEA (India, Middle East, Africa), Messe München
CEO, Messe Muenchen India

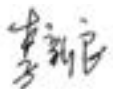

Message

The ceramics industry thrives on international cooperation and knowledge sharing. In this regard, Foshan Unicermics Expo is proud to support the CERAMIC EXPO Bangladesh-2025, an event that brings together the very best of the global ceramics community.

Unicermics Expo is the largest ceramic exhibition in Asia that has been committed much in China to bridging the world ceramics to China and China to the world ceramics. Similarly, we consider CERAMIC EXPO Bangladesh-2025 to be a critical element in establishing networking, presenting ideas, and enhancing collaborations in the world ceramics society. Over the past ten years, the ceramic industry in Bangladesh has achieved tremendous gains in the area of tiles, tableware, sanitary ware, and advanced ceramic solutions. The local manufacturers, overseas suppliers, technology suppliers, and buyers converge in this year's expo in the world, implying the opportunity to exchange knowledge, new technology, and technology, thereby opening new vistas of accessing the global market of trade and investment.

We have no doubts that CERAMIC EXPO Bangladesh-2025 will build further on top of making Bangladesh a diamond in the world of future ceramics, and will result in rivalry, which will advantage the whole industry.

Li Xinliang
General Manager
Foshan Unicermics Expo

Message

On behalf of TECNA – The Global Expo for Ceramics and More, I am pleased to extend my warm greetings to the organizers, participants, and visitors of the CERAMIC EXPO Bangladesh from 27-30 November 2025 at ICCB, Dhaka.

Tecna is the global B2B hub driving innovation in the ceramic and surfaces industry, combining technology, design, and sustainability. It offers solutions for production, automation, digitalization, and process efficiency, while connecting the global surfaces supply chain and shaping the future of production and design.

It is in this vein that we consider that CERAMIC EXPO Bangladesh-2025 can offer a critical opportunity to enhance cooperation between Bangladesh and the international ceramic fraternity. Bangladesh has developed too fast as one of the leading players in the ceramic industry, and its success has been seen in tiles, tableware, sanitary ware, and sophisticated ceramics. This expo presents a great chance to see the solutions of the next generation, find partners, and develop the sector in accordance with the global requirements by means of uniting manufacturers, suppliers, researchers, and industry leaders.

With the Industry adopting intelligent manufacturing, sustainability-driven materials, and highly advanced digital solutions, it is significant events such as these that will determine a more competitive and sustainable future. We are excited to see them, exchange knowledge, and reinforce our common vision of the global ceramics industry.

Wishing great success to "Ceramic Expo Bangladesh 2025".

Mr. Marco Cecchini
Group Exhibition Manager- Tecna

Message

The Italian Trade Agency (ITA) is pleased to partner with Ceramic Expo Bangladesh 2025, an event that continues to strengthen the bridge between Bangladesh's growing ceramic sector and the global industry. Italy has long been recognized as a leader in ceramic design, technology, and innovation, and we are proud to share our expertise and experience with Bangladesh's dynamic market.

This collaboration reflects our commitment to promoting sustainable industrial growth, knowledge exchange, and business cooperation between Italian manufacturers and Bangladeshi enterprises. Events like Ceramic Expo Bangladesh play a vital role in fostering mutual opportunities and enhancing global value chains.

We extend our best wishes to the organizers, exhibitors, and participants for a successful and inspiring edition of Ceramic Expo Bangladesh 2025.

Ceramic India

Message

We extend our heartfelt congratulations to BCMEA for organizing the Bangladesh Ceramic Expo 2025 — a world-class international exhibition and seminar dedicated to ceramic products, raw materials, machinery, and technologies. This event stands as a premier B2B platform uniting every segment of the global ceramic industry under one roof.

We are confident that the BCMEA Ceramic Expo Bangladesh will provide trade visitors with comprehensive insights into the latest advancements, innovations, and trends in ceramic technology. The exhibition also offers a valuable opportunity to foster collaboration, connect with customers, and strengthen partnerships across borders.

We sincerely appreciate the initiative taken this year to promote direct engagement with rural potters and exporters, helping traditional artisans connect with modern industry and gain broader market access.

On behalf of AIPMA, we wish the organisers and participants great success, fruitful interactions, and promising business opportunities during the Bangladesh Ceramic Expo 2025, to be held from 27th to 30th November 2025 at ICCB, Kuril, Dhaka, Bangladesh.

Products	Hand-made and Hand-painted Tableware	

Company Profile Clay Image began in 2003 as the vision and passion of Rehana Akter, a young ceramicist determined to bring Bangladesh's rich tradition of handmade pottery to life on a larger scale. Starting from a potter's wheel in her parents' garage, Rehana's dedication and creativity turned Clay Image into a thriving small-scale manufacturing with unique blend of artistry and quality. Clay Image's innovative techniques and commitment to sustainability have earned it a reputation as Bangladesh's pioneer in the handmade ceramics industry, creating a wide range of functional and decorative ceramic products, including dinnerware, tableware, kitchen accessories, art tiles, and bespoke mural commissions. The products are made using natural and recycled clay, with lead-free, food-safe under-glaze paints. We focus on eco-friendly processes to ensure minimal environmental impact.

Since its inception, Mir Ceramic has utilized manufacturing equipment from SACMI (Italy), widely acknowledged as the best ceramics manufacturing equipment provider in the world. Mir secures the highest quality raw materials from across the world including Spain, Italy, Malaysia and Thailand. MCL has assembled an expert production team with decades of experience to oversee manufacturing. As a result, Mir Ceramic produces tiles with the highest bending strength and lowest water absorption across most tiles categories. Consistently producing superior tiles over so many years has helped establish Mir as a dominant player in the upscale tiles market in Bangladesh. Mir Ceramic is a proud member of The Mir Group, one of the oldest and most highly reputed conglomerates in Bangladesh. The Mir Group began its journey in 1968 as Mir Akhter Hossain Ltd. (MAH), the iconic construction company. Since then, the group has diversified into real estate, telecommunications and ICT industries. Our portfolio of companies includes Mir Holdings Ltd., Mir Telecom Ltd., Bangla Telecom Ltd. and Mirnet.

Products	Full range of ceramic production line including the spare parts	

Company Profile Founded in July, 2003, Guangdong Modena Technology Ltd. has been a reputable manufacturer engaged in ceramic equipment R&D and production. As a leading supplier in the ceramic industry, we established our production bases in Foshan and Yunfu city, Guangdong province which covers over 100,000 square meters, continuously providing ceramic equipment for our clients around the globe. We aim at providing a full range of ceramic production lines for ceramic makers, from the Modena Firing Kiln and Dryer to the glaze conveying line. By providing the good quality equipment and considerate service to our customers simultaneously, Modena has been the biggest export company for Kiln and full line ceramic equipment. Apart from exports, we also set up the postdoctoral program and municipal automatic technology R& D center. In 2015, Modena was appointed by the Economic & Information Commission of Guangdong Province, becoming the backbone enterprises of strategic emerging industries (intelligent manufacturing field). Moreover, the "MODENA" brand has passed the identification of "Guangdong famous trademark".

Products	Porcelain Tableware	

Company Profile Paragon Ceramic Industries Limited (PCIL), established on 12 June 2008, is a leading manufacturer and exporter of high-definition porcelain tableware from Bangladesh. Commercial production began in December 2010, and since then, PCIL has built a strong reputation for quality, innovation, and reliability in the global ceramics industry.

The company's modern manufacturing facility is located in Mirzapur, Gazipur, just 50 kilometers from Dhaka, with excellent access to all major infrastructural facilities. The factory covers over 21,000 square meters on 10 acres of land, representing an investment of more than USD 16 million. Equipped with state-of-the-art machinery from SKK (Japan), TAKASAGO (Japan), TCK (Taiwan), Modena, and COTO (China), PCIL ensures precision engineering and consistent product excellence.

Supported by a dedicated team of around 1,600 skilled professionals, the company produces a wide range of premium porcelain tableware designed to meet the evolving tastes of international markets. Driven by a passion for craftsmanship and innovation, PCIL combines advanced technology with timeless design, delivering products that embody elegance, durability, and superior quality — proudly representing Bangladesh as a trusted global supplier of fine porcelain.

Inspired by the European designs, the company began exporting to the Holland and UK in 1982. Initially producing household and restaurant wares, PCI gained success in Pakistan with durable Hard Grade porcelain. Institutional products for hotels and restaurants were later added.

With a focus on technology, quality materials, and cost efficiency, the company augmented production by 4.5 tons in 2025. Upholding its founder's vision, PCI continues to deliver quality products and contribute to national progress.
